INDEX

A

Almond, S. (and others) : Kinked carotid artery that simulates aneurysm. 345.
American Heart Association : Joint memorandum on præcordial leads in electrocardiography. 45.
——, Joint report on methods of measuring arterial blood pressure. 261.
Aneurysm, traumatic, of left ventricle (P. T. O'Farrell). 172.
Angina pectoris following crushing accident (M. Campbell). 177.
Angina pectoris, herpes zoster and (J. D. Spillane and P. D. White). 291.
Artery, kinked carotid, that simulates aneurysm (J. Parkinson and others). 345.

B

Bedford, D. Evan (and others) : Kinked carotid artery that simulates aneurysm. 345.
Bell, G. H. (and others) : Electrocardiograph electrolytes. 229.
Belt, Thomas H. : Ætiology of lung infarction. 283.
Beri-beri heart, alcoholic (A. M. Jones and C. Bramwell). 187.
Blood pressure, arterial, standardization of methods of measuring : joint report. 261.
Bramwell, Crighton (and A. M. Jones) : Alcoholic beri-beri heart. 187.
British Heart Journal : Editorial note. 104.

C

Campbell, Maurice (and G. A. Elliott) : Paroxysmal tachycardia ; ætiology and prognosis of 100 cases. 123.
——, Angina pectoris following crushing accident. 177.
Cardiac Club, some notes on (J. Cowan). 97.
Cardiac Society, of Great Britain and Ireland : Notes on. 103.
——, Joint memorandum on præcordial leads in electrocardiography. 45.
——, Joint report on methods of measuring arterial blood pressure. 261.
Chamberlain, E. Noble (and J. D. Hay) : Normal electrocardiogram. 105.
Cowan, John : Some disturbances of rhythm of heart. 3.
——, Some notes on Cardiac Club. 97.

D

Digitalis in heart failure with normal rhythm (C. J. Gavey and J. Parkinson). 27.
Diphtheria, persistent conduction defects following (C. B. Perry). 117.
Dryerre, Harry W. (and R. Walmsley) : Stenosis at lower bulbar orifice of infundibulum. 325.

E

Electrocardiogram, changes in chest lead, in coronary thrombosis (C. Evans). 161.
Electrocardiogram, normal (E. N. Chamberlain and J. D. Hay). 105.
Electrocardiograms showing " second positive wave of QRS " in lead III (A. A. F. Peel). 86.
Electrocardiograph electrolytes (G. H. Bell and others). 229.
Electrocardiography, clinical, chest leads in (P. Wood and A. Selzer). 49.
Electrocardiography, præcordial leads in : joint report. 45.
Electrolytes, electrocardiograph (G. H. Bell and others). 229.
Elliott, G. A. (and M. Campbell) : Paroxysmal tachycardia ; ætiology and prognosis of 100 cases. 123.
Evans, Courtenay : Changes in chest lead electrocardiogram in coronary thrombosis. 161.
Evans, William (and O. Loughnan) : Drug treatment of hyperpiesia. 199.

F

Fawcett, R. E. M. (and E. M. Ward) : Cardiac myxoma ; clinical and pathological study. 249.

INDEX

Chamberlain, E. Noble (and J. D. Hay) : Normal electrocardiogram. 105.
Cowan, John : Some disturbances of rhythm of heart. 3.
——, Some notes on Cardiac Club. 97.

D

Digitalis in heart failure with normal rhythm (C. J. Gavey and J. Parkinson). 27.
Diphtheria, persistent conduction defects following (C. B. Perry). 117.
Dryerre, Harry W. (and R. Walmsley) : Stenosis at lower bulbar orifice of infundibulum. 325.

E

Electrocardiogram, changes in chest lead, in coronary thrombosis (C. Evans). 161.
Electrocardiogram, normal (E. N. Chamberlain and J. D. Hay). 105.
Electrocardiograms showing " second positive wave of QRS " in lead III (A. A. F. Peel). 86.
Electrocardiograph electrolytes (G. H. Bell and others). 229.
Electrocardiography, clinical, chest leads in (P. Wood and A. Selzer). 49.
Electrocardiography, præcordial leads in : joint report. 45.
Electrolytes, electrocardiograph (G. H. Bell and others). 229.
Elliott, G. A. (and M. Campbell) : Paroxysmal tachycardia ; ætiology and prognosis of 100 cases. 123.
Evans, Courtenay : Changes in chest lead electrocardiogram in coronary thrombosis. 161.
Evans, William (and O. Loughnan) : Drug treatment of hyperpiesia. 199.

F

Fawcett, R. E. M. (and E. M. Ward) : Cardiac myxoma ; clinical and pathological study. 249.

G

Gavey, C. J. (and J. Parkinson) : Digitalis in heart failure with normal rhythm. 27.

H

Hæmopericardium, massive, with recovery after paracentesis (A. S. Rajasingham). 181.
Hay, J. Duncan (and E. N. Chamberlain) : Normal electrocardiogram. 105.
Heart, alcoholic beri-beri (A. M. Jones and C. Bramwell). 187.
Heart failure with normal rhythm, digitalis in (C. J. Gavey and J. Parkinson). 27.
Heart of Sir James Mackenzie (D. Waterston). 237.
Heart rhythm, some disturbances of (J. Cowan). 3.
Heart, traumatic aneurysm of (P. T. O'Farrell). 172.
Heart, volumetric reconstruction of, in health and disease : radiological study (J. D. Spillane). 333.
Herpes zoster and angina pectoris (J. D. Spillane and P. D. White). 291.
Hyperpiesia, drug treatment of (W. Evans and O. Loughnan). 199.

I

Infundibulum, stenosis at lower bulbar orifice of (H. W. Dryerre and R. Walmsley). 325.

J

Jones, A. Morgan (and C. Bramwell) : Alcoholic beri-beri heart. 187.

K

Knox, J. A. C. (and others) : Electrocardiograph electrolytes. 229.

L

Lewis, Sir Thomas : Foreword. 1.
Loughnan, Owen (and W. Evans) : Drug treatment of hyperpiesia. 199.
Lung infarction, ætiology of (T. H. Belt). 283.

M

Mackenzie, Sir James, heart of (D. Waterston). 237.
Myxoma, cardiac : clinical and pathological study (R. E. M. Fawcett and E. M. Ward). 249.

O

O'Farrell, P. T. : Traumatic aneurysm of left ventricle. 172.

P

Parkinson, John (and C. J. Gavey) : Digitalis in heart failure with normal rhythm. 27.
—— (and others) : Kinked carotid artery that simulates aneurysm. 345.
Peel, A. A. Fitzgerald : Significance of electrocardiograms showing " second positive wave of QRS " in lead III. 86.
Perry, C. Bruce : Persistent conduction defects following diphtheria. 117.
Potassium, effect of, on heart in man (W. A. R. Thomson). 269.

R

Rajasingham, A. S. : Massive hæmopericardium with recovery after paracentesis. 181.

S

Selzer, A. (and P. Wood) : Chest leads in clinical electrocardiography. 49.
—— A new sign of left ventricular failure. 81.
Sheehan, H. L. (and A. M. Sutherland) : Sex and age factors in acute and chronic valvular disease. 303.
Small, A. J. (and others) : Electrocardiograph electrolytes. 229.
Spillane, John D. (and P. D. White) : Herpes zoster and angina pectoris. 291.
——, Volumetric reconstruction of heart in health and disease, radiological study. 333.
Stenosis at lower bulbar orifice of infundibulum (H. W. Dryerre and R. Walmsley). 325.
Sutherland, A. M. (and H. L. Sheehan) : Sex and age factors in acute and chronic valvular disease. 303.

T

Tachycardia, paroxysmal ; ætiology and prognosis of 100 cases (M. Campbell and G. A. Elliott). 123.
Thomson, William A. R. : Effect of potassium on heart in man. 269.
Thrombosis, coronary, changes in chest lead electrocardiogram in (C. Evans). 161.

V

Valvular disease, acute and chronic, sex and age factors in (H. L. Sheehan and A. M. Sutherland). 303.

W

Walmsley, Robert and (H. W. Dryerre) : Stenosis at lower bulbar orifice of infundibulum. 325.
Ward, E. Milford (and R. E. M. Fawcett) : Cardiac myxoma ; clinical and pathological study. 249.
Waterston, David : Sir James Mackenzie's heart. 237.
White, Paul D. (and J. D. Spillane) : Herpes zoster and angina pectoris. 291.
Wood, Paul (and A. Selzer) : Chest leads in clinical electrocardiography. 49.
——, A new sign of left ventricular failure. 81.

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES.
